

The TRANE Family of Air Conditioners

Settle In To A High Level Of Clean Comfortable Air.

Hot? Humid? Is everyone and everything wilting around you? Step into your home and be greeted by the cool, clean comfort the TRANE family of air conditioners provides. You can expect reliable, long-lasting comfort with a full complement of innovative components smoothly integrated into one impressive unit.

TRANE products are ruggedly built and tested so that you can rely on comfort season after season. The **TRANE XR14 Air Conditioner** has a SEER (Seasonal Energy Efficiency Ratio) of up to 16 plus which means the unit overcomes the most stifling days with energy-conscious operation.

The **TRANE XR13** has a SEER of up to 13.5 rating providing efficient operation season after season.

The trane compressor offers consistent, quiet performance for maximum comfort and reliability. Built with innovative technology, the Climatuff compressor is at the heart of the XR and is designed to withstand the constant demands of cooling your home.

Bottom line is that Trane uses innovative technology and quality materials so you can be assured that your system will remain durable, efficient and cost effective far into the future.

We Are Trane Comfort Specialists

Not All Trane Dealers Are Created Equal

Your home's comfort is important to you. That's why when it comes time to invest in a heating and air conditioning system you want to put your home's comfort in the hands of a seasoned professional, a dealer with the knowledge and expertise to give you the peace of mind you deserve.

But all dealers are not created equal. This is why you must be thorough in your selection process before choosing the dealer you wish to work with. Here's something that will make your search a little easier. Just look for the Trane Comfort Specialist Logo.

Only The Cream Of The Crop Are Designated As Comfort Specialists

The Trane Comfort Specialist Logo indicates a Trane dealer of the highest standing, a dealer that is committed to excellence in every aspect of his business, from installation and service, to customer service. The Trane Comfort Specialist designation is not easy to come by.

Dealers qualify for this honor on a yearly basis by meeting The Trane Company's stringent standards for professionalism and technical expertise. The goal of a Trane Comfort Specialist Dealer is to exceed your expectations in each area of the purchasing process, beginning with the initial contact and ending with installation and follow up.
